## DS Safety.

Press the button if you're in trouble.

Try not to get in a muddle.

After you've done that, it's off to prison for the brat.

On your DS it might be fun, But if a virus gets in it your DS is done.

Be careful what you download, Be careful you don't get on the wrong road.

If you're in trouble who do you call?

The virus busters, if its bad then call your dad.

There's always a way so be glad.
