

Phone Safty

People can be mean to you on your phone,
But we can help,
So don't yelp.

Just press the key,
You have to be keen,
Because if you don't,
It will stay in your throat.

When you're in trouble,
You get in a muddle,
So who do you call?
The policeman, that is on the ball.

So keep it away,
It will keep them at bay,
Keep it locked away and,

Remember E-Safety
